29119	Conversion to AMADEUS Pro and D-MIX for 600SE	7.290,00 EUR <input type="checkbox"/>

System apps for **SEMPRA** (all models)

EASY Edit for Styles

Expand your accompaniment library more easily than ever before. SEMPRA 2.0's advanced style and playback (midifile) editor provides highly effective and easy-to-use functions that make editing your accompaniments a pleasure.

In addition to the many standard functions, the new optional EASY Style Editor App adds the following options, among others:

- 2 editable user drum kits per (!) style/playback: Allow the individual percussion instruments to be exchanged for all other instruments of the respective user kits. In addition, the volume of each individual instrument of the user kit can be adjusted individually.
- New editor functions for importing new styles:
 - Adjustable dynamic range during recording.
 - Any start position for recording
 - Recording also without aftertouch
 - Easy-Editor with the functions
 - Delete duplicates
 - Delete expression
 - Delete pitch
 - Delete Aftertouch
 - Delete a specific note
 - Delete all notes below a specific note
 - Delete all notes above a given note
 - Change velocity absolute or relative
 - Delete all tempo changes

41160 **Easy Edit for Styles** (extension app for the Style Editor)

149,00 EUR

Karaoke /Text Display

Have song texts from playbacks (midifiles) or your own song or info texts shown in the display of your SEMPRA.

- Supports the 5 most popular karaoke formats,
- Different fonts selectable
- Format and text source (MIDI, internal, karaoke) can be saved per SONG
- Assignment of own (ASCII) song texts to the SONG presets: Text passages can be accessed via the SONG presets.
- Own lyrics can also be used with SONG presets with style accompaniment
- SONG presets can be selected via the display when the text display is called up

41159 **Function app Karaoke/Text display:**

139,00 EUR

Further system apps for **SEMPRA** (all models)

RealOrgan extensions:

Item	Designation	Price
41919	RealOrgan organ type package "SEMPRA": 3 up to 12-choir sine organ types incl. phasing rotor, 16 organ presets per type	99,00 EUR <input type="checkbox"/>
41921	RealOrgan organ type package "Böhm Vintage": 2 sine organ types: "Böhm Orchestra DS", "Böhm Professional 2000", incl. phasing rotor, 16 organ presets per type	99,00 EUR <input type="checkbox"/>
41922	RealOrgan organ type package "WE Vintage": 2 sine organ types: "WE_ctra", "WE_lios", incl. W-Voice Rotor, 16 organ presets per type	99,00 EUR <input type="checkbox"/>
41923	RealOrgan organ type package "American": 5 sine organ types; "Clean B-3", "Used B-3", "Shabby B-3", "Klaus' H-100", "Chicago", incl. phasing rotor, 16 organ presets per type	149,00 EUR <input type="checkbox"/>

Editors:

41151	AMADEUS Pro sound editor for creating your own Amadeus sounds from up to 4 element sounds per sound. Adjustable per element: Play and ART functions, envelopes for volume, filter and pitch, different filter types, 2 LFOs, DSP effects (up to 6 effects simultaneously per Amadeus sound).	298,00 EUR <input type="checkbox"/>
-------	---	-------------------------------------

Other function apps:

41153	Sound controller functions incl. individual sill control, flexible sound controller assignment for modulation wheel and distance function (activation)	149,00 EUR <input type="checkbox"/>
41154	Manual coupler Switching the keyboards together as on a pipe organ (activation, standard on SEMPRA SE70...SE100)	169,00 EUR <input type="checkbox"/>
41128	User parts 1-8: 8 additional, freely configurable parts (included in item 16910 for SE100)	498,00 EUR <input type="checkbox"/>
41129	User parts 9-16: 8 additional, freely configurable parts, pos. 41128 required (included in pos.16910 for SE100)	498,00 EUR <input type="checkbox"/>

Effects and audio:

41150 DSP extension for AMADEUS 2/Pro:

Doubles the number of available effect DSPs per AMADEUS sound module from 2 to 4 DSPs. This means that up to 4 FX effect sounds per sound module can be played simultaneously with their own effects (each DSP generates up to 6 individual effects simultaneously!).

379,00 EUR

Only if a D-MiX preamplifier is present:

41155 D-MiX App: Partially parametric 5-band equaliser

Extends the equalisation (bass and treble) by their parameterisation (cut-off frequencies) and another 3 parametric EQ bands. With this extension, corresponding equalisers are available for each output, the line input and the D-MiX rotor (if enabled).

239,00 EUR

41156 D-MiX App: Leslie rotor with editable programmes:

The simulation of rotating speakers (bass and treble rotor) as an alternative effect device for the Amadeus organ sounds. Can also be mixed on RealOrgan, also in combination with the RealOrgan's own rotor = double rotor effects (activation).

369,00 EUR

41157 D-MiX App: Quadrophony

Extension of the outputs by two additional channels (Rear L/R). All Amadeus sound groups, effects such as reverb, chorus and D-MiX Rotor as well as Harmony Voice can be freely positioned. Additional parameters (phase, delays, etc.) make it possible to create incredible room effects - from a cellar bar to a cathedral.

598,00 EUR

41158 D-MiX App: Harmony Voice with microphone extension: vocoder/harmoniser with pitch shifting for the lead voice or up to a 4-part choir incl. gender bending (formant shifting) All factory vocal presets can be edited and saved in their own user presets. Coupling of the vocal presets to the SONG presets (activation). Extension for the microphone input:

- Compressor and noise devices for microphone become editable with the HV.
- Own partial parametric equaliser for the microphone input
- Dedicated echo/reverb DSPs for vocals (microphone)

All effect components can be set separately for the main voice (lead voice) and the harmony voice (e.g. lead voice with echo, harmony voice with reverb).

599,00 EUR

Attention: Take advantage of special prices when purchasing several system apps at the same time. More details on request!

General terms and conditions (for delivery and performance within Germany) of Keyswerk Musikelektronik GmbH

1. Scope of application Our Terms and Conditions of Sale shall apply exclusively. Conditions of the customer that deviate from these sales conditions are not valid. As far as legally permissible, these conditions apply to all services of Keyswerk Musikelektronik GmbH, including consulting services.

2. contractual partner Keyswerk Musikelektronik GmbH manufactures and distributes electronic musical instruments. Keyswerk Musikelektronik GmbH has its registered office at Warbersche Str. 32, D-31675 Bückeberg. Managing director is Erik Jeromin. E-mail: info@keyswerk.de, tax number 44/201/39004, Ust.Id-Nr.: DE 294327762, commercial register number HRB 200131 tax office Stadthagen. Conclusion of the contract: The customer's order, regardless of the medium used, e.g. in writing, verbally or by telecommunication, is binding for the customer. If Keyswerk Musikelektronik GmbH chooses a written order confirmation, the type of documentation is explicitly optional. The confirmation can be made in writing, by fax or by e-mail. Unless otherwise contractually agreed, the contract of Keyswerk Musikelektronik GmbH is concluded by issuing the order confirmation to the customer or by sending the goods to the customer after receipt of the offer without a separate order confirmation.

3. Prices Unless otherwise stated in the order confirmation, our prices shall apply ex registered office Bückeberg. The prices for end consumers are subject to change and include the applicable value added tax. The invoices are due for payment immediately from the invoice date without deduction. If the customer is in default of payment, Keyswerk Musikelektronik GmbH is entitled to charge default interest in the amount of 5% points above the base interest rate. If Keyswerk Musikelektronik GmbH can prove a higher damage caused by delay, Keyswerk Musikelektronik GmbH has the right to assert this. The customer is only entitled to set-off rights, if his counterclaims have been legally established, are undisputed or have been accepted in writing by Keyswerk Musikelektronik GmbH. In case of shipment of the goods, a shipping charge will be added to the price of the goods. The accruing shipping charges will be announced before the purchase contract comes into existence.

4. dispatch The dispatch takes place exclusively at the risk of the customer. The risk of loss and deterioration is transferred to the customer as soon as Keyswerk Musikelektronik GmbH has properly handed over the goods to the shipping company. Keyswerk Musikelektronik GmbH has the right to determine a suitable dispatch route. Keyswerk Musikelektronik GmbH will hand over the goods to the shipping company in a suitable packaging. Keyswerk Musikelektronik GmbH does not assume any liability for the quality of the packaging material. As far as large, heavy goods are shipped, e.g. organs, flight cases, loudspeaker boxes etc., the packaging can be charged separately. In this special case, the costs of the packaging are to be communicated to the customer with the order confirmation.

The customer is obliged to inspect the goods for transport damage immediately after receipt. In the case of damage to the packaging, the customer must have this certified in writing by the transport company upon acceptance of the goods. In case of damages that are not immediately visible, the customer is obliged to report them immediately to Keyswerk Musikelektronik GmbH. In case of missing documentation of the damages or in case of delayed notification of initially not visible damages, all rights of the customer expire in this respect. Keyswerk Musikelektronik GmbH basically reserves the right to deliver cash on delivery or against advance payment, especially for first orders.

5. right of revocation for consumer contracts The customer may revoke his contractual declaration within 2 weeks without stating reasons in text form (e.g. letter, fax, e-mail) or by returning the goods. The period begins at the earliest with the receipt of this instruction. If the customer is only informed of this instruction after conclusion of the contract, the period shall be 1 month. To comply with the revocation period, it is sufficient to send the revocation or the goods in good time. The revocation is to be sent to: Keyswerk Musikelektronik GmbH, Warbersche Str. 32, 31675 Bückeberg. Fax no.: 05722 287555. E-mail: info@keyswerk.de.

In the case of an effective revocation, the services received by both parties must be returned and any benefits derived (e.g. interest) must be surrendered. If the customer cannot return the received performance to Keyswerk Musikelektronik GmbH in whole or in part, or only in a deteriorated condition, the customer must pay compensation to Keyswerk Musikelektronik GmbH in this respect, if applicable. This does not apply to the surrender of goods, if the deterioration of the goods is exclusively due to their inspection - as it would have been possible for the customer in a shop. In addition, the customer can avoid the obligation to pay compensation by not using the goods as an owner and by refraining from doing anything that could impair their value.

In the case of a return from a delivery of goods with a total order value of up to € 40, the customer shall bear the costs of the return if the delivered goods correspond to the ordered goods. Otherwise, the return shipment is free of charge for the customer. In the case of goods that cannot be shipped, Keyswerk Musikelektronik GmbH will contact the customer immediately after receipt of the revocation and agree on the type of transport required for the return with the customer.

After receipt of the return by Keyswerk Musikelektronik GmbH, the latter will reimburse the costs within 30 days, either by bank transfer - if the customer's account details are known - or by sending a cheque.

A right of withdrawal does not exist for distance contracts for the delivery of goods, which are manufactured by Keyswerk Musikelektronik GmbH according to customer specifications or the customer has unsealed a delivered data carrier of audio or video recordings or of software. The regulation of § 312b para. 4 BGB applies.

6. Delivery time All information on the delivery time is non-binding. Keyswerk Musikelektronik GmbH will endeavour to execute the delivery as soon as possible after the conclusion of the contract. Unless otherwise expressly

agreed, Keyswerk Musikelektronik GmbH is entitled to partial deliveries. If the delivery cannot be carried out immediately, Keyswerk Musikelektronik GmbH will indicate an expected delivery time. Keyswerk Musikelektronik GmbH is not in default, if this stated delivery period is exceeded, e.g. due to problems in material procurement or due to production bottlenecks.

This period is extended accordingly in case of force majeure, industrial action, official measures, as well as other unforeseen events, which cannot be avoided despite the reasonably expected precautionary measures. If it turns out within this subsequent delivery period that the delivery is impossible or unreasonable for Keyswerk Musik-elektronik GmbH, Keyswerk Musik-elektronik GmbH is entitled to withdraw from the contract. In this case, claims for damages are excluded on both sides. If Keyswerk Musik-elektronik GmbH is in default, claims for damages only exist if the default is based on intent or gross negligence.

7 Warranty The warranty period for defects, which existed before the transfer of risk, is 24 months. If Keyswerk Musikelektronik GmbH is responsible for the defect and the notice of defect is justified, Keyswerk Musikelektronik GmbH bears all expenses necessary for the purpose of rectifying the defect, in particular transport, travel and labour and material costs, provided that these are proven and their amount is not disproportionate to the value of the purchased item.

If defects are detected in the hardware or software, e.g. housing, the customer is entitled to demand rectification. In this case, Keyswerk Musikelektronik GmbH is entitled to rectify the defect, also several times, at their discretion. No liability whatsoever is assumed for the correct functioning of delivered software (e.g. also operating software in the instruments). If the same rectification of defects fails, the customer has the right to withdraw from the contract or to reduce the purchase price. In case of withdrawal from the contract, Keyswerk Musikelektronik GmbH is entitled to deduct an appropriate amount for the reduction in value. Claims for damages of the customer are only justified if there is gross negligence of Keyswerk Musikelektronik GmbH. In any case, the customer is subject to the duty to minimise damages.

8. taking back goods Outside the legal right of return for consumer contracts, Keyswerk Musikelektronik GmbH will only take back goods, if the right of return has been individually agreed with the customer in writing with the conclusion of the purchase contract. Irrespective of this, Keyswerk Musikelektronik GmbH is only obliged to take back the goods if the goods and the original packaging are in a perfect condition and the return is carriage paid to the registered office of Keyswerk Musikelektronik GmbH, Warbersche Str. 32, in 31675 Bückeberg. If goods are returned without prior obligation to take back, Keyswerk Musikelektronik GmbH reserves the right to refuse acceptance.

Outside of a distance contract, the right of return is excluded for the delivery of audio or video recordings or software if the delivered data carriers have been unsealed by the customer.

The conclusion of a return agreement is generally excluded for such goods, which were manufactured on special request of the customer or, because they are not

permanently available in stock, were expressly ordered by Keyswerk Musikelektronik GmbH after the conclusion of the contract. In case of acceptance of a purchase contract for goods which are not in stock, Keyswerk Musikelektronik GmbH has to inform the customer of this circumstance. If such a notice is omitted, the orderer can assume that the goods are in stock.

The customer's right to return the goods ends 30 days after taking delivery of the goods. In the event of a lawful exercise of the right of return, the customer shall bear the costs and the risk of the outward and return shipment.

9. reservation of proprietary rights Keyswerk Musikelektronik GmbH reserves the proprietary rights of all delivered goods until the receipt of the complete payment from the contract. In case of breach of contract by the customer, Keyswerk Musikelektronik GmbH is entitled to take back the goods. The taking back as well as the seizure of the reserved goods is a withdrawal from the contract. In case of seizure and other interventions of third parties, the customer has to inform Keyswerk Musikelektronik GmbH immediately in writing.

10. The place of performance and jurisdiction shall be 31675 Bückeberg unless another place is mandatory by law.
